Please learn more about some of the remarkable pianos at Nick's Piano Showroom using the links below.

As an independent, non-franchised dealer and piano technician, my focus is on quality, affordability, and excellent service. I make sure to deliver exceptional value to my customers through careful product selection, excellent technical preparation of pianos in the showroom, and a generous amount of free service after the sale for local clients.

My goal is to help you discover your greatest joy in making music with an instrument that you will be thrilled to own. The carefully chosen new piano brands of Mason & Hamlin, Kawai, Estonia, and Brodmann not only make wonderful options for you but will exceed your expectations at every level and can also be compared to Steinway, Yamaha, and others side by side in the showroom. My selection of pianos has always included a certain vision of which pianos deliver the best quality and value and will appreciate over time. The pianos from Mason & Hamlin, Estonia, and Brodmann each have considerable refinement and deliver tone and touch that are comparable to pianos costing substantially more.

It really does pay to shop around for such a once in a lifetime purchase. Piano shoppers along the West Coast of Florida From Tampa to Naples or from Southeast Florida who visit Nick's Piano Showroom are very glad to have driven an hour or two for this important purchase. In turn I make myself available for in-home servicing to clients all along the West Coast of Florida from the Tampa Bay area to Naples and am the exclusive representative of the Mason & Hamlin, Kawai, Estonia, and Brodmann brand pianos for this region.
